

DS-21A

2:1 DVI with Audio Switcher

DVI Link's DS-21A DVI switcher allows two different digital media sources to share one video display. Our Unique Switcher allows easy switching between two digital media sources using the manual button on the device itself. This switcher is perfect for Home Theater Systems. No more hassles of manually plugging in different DVI connectors to view different video sources. (e.g. DVD, Set-top Box, DVR)

MAIN FEATURES

- Connects A/V Devices with DVI port to DVI compatible monitors or HDTV
- Plug and Play – No software installation – Installs in minutes.
- HDCP compliant

APPLICATIONS

- Home Theater System - Multiple video sources and one HDTV Monitoring System.
- Low cost solution to Home Theater Integration
- Easy switching any two A/V devices.
