

DS-21R 2:1 DVI Switcher + RS-232

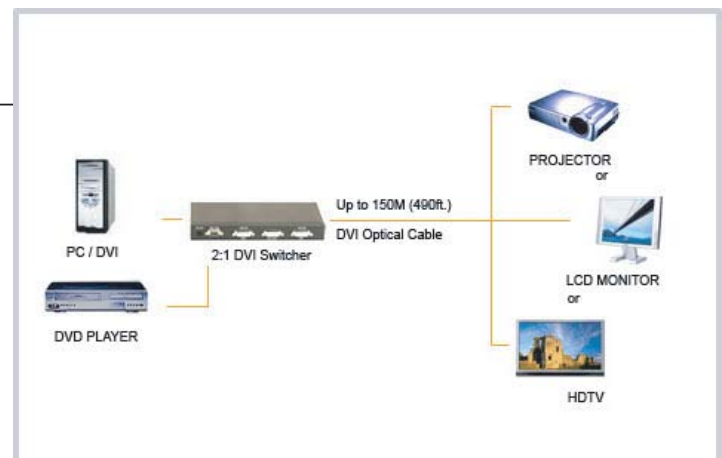

DVI Link's DS-21A DVI switcher allows two different digital media sources to share one video display. Our Unique Switcher allows easy switching between two digital media sources using the manual button on the device itself. This switcher is perfect for Home Theater Systems. No more hassles of manually plugging in different DVI connectors to view different video sources. (e.g. DVD, Set-top Box, DVR)

APPLICATIONS

- Easy switching between two digital video sources (for example: Computer and Satellite receiver) using remote control or the switch button on the switch.
- Intuitive LED Display of video source channel selections.
- Plug-and-play. No software installation. Installs in minutes.
- Built-in RS-232 port for remote switching control.
- HDCP Compliant
