

HDS-41R

4:1 HDMI Switcher + RS-232

HDS-41R, HDMI switch allows four different digital (audio and video) media inputs to share one digital display. Our Unique Switcher can easily switch between four different digital sources with either the remote control unit or the manual button on the device itself. This switcher is perfect for Home Theater Systems. No more hassles of manually plugging in different HDMI connectors to view inputs from multiple devices. (e.g. DVD, TIVO, Set-Top Box)
