

VIP One

M SERIES

VIP One M Series

No more limits to your dreams!

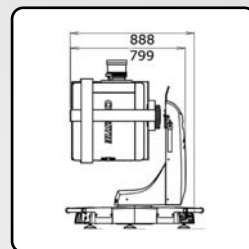

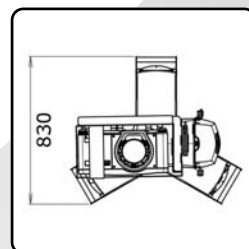

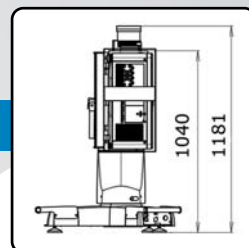

Large and bright video projections now match any lighting for outdoor events, TV shows, concerts, etc.

The **VIP One M Series** allows you to integrate any **Christie M Series** video projector into a strong, **multipurpose, and versatile yoke**.

From now on, you can move and control **M Series** video projectors as easily as your existing moving lights: Pan, Tilt, Focus, Zoom, Keystone and all video parameters.

No need to move your video projector? Thanks to its **Quick Lock System** (patent pending), you may use it on a static station and adapt one of our LED wash luminaires **L2D2 or RGBig** on its yoke!
