

ST420-VSS SHOTBOX

SCRIPT CONTROLER FOR SPYDER

THE IDEAL INTERFACE FOR RUNNING SCRIPTS IN LIVE ENVIRONMENTS

INTRODUCING THE NEW ST420-VSS SHOTBOX

The ST420-VSS SHOTBOX is a new, easy to use interface that puts controlling the Vista Systems SPYDER range of products within reach of even the most novice users.

Program your Command Keys and Scripts with Vista Systems Advanced software, and then recall and run up to 10 pages of 27 Command Keys simply and easily at the push of a button.

Configure the ST420-VSS SHOTBOX to download automatically up to 243 Command Keys / Scripts at the push of a button....no complicated programming.

RECALL any command key at the press of a Shotkey

LEARN function lets you configure any Shotkey to recall any Script

JUMP from one cue to another easily

GROUP several Shotkeys together to run multiple Command Keys

STEP through cues in a script, both forwards and backwards
